

TOP TIPS FOR HOMEWORK

Step 1) Make sure you understand what you are being asked to do! If in doubt:

Ask your teacher

Ask at homework clubs

Check with an adult at home or an older brother or sister

Step 2) Go to the BBC website or the library to find out any information you need to know.

Step 3) Present what you find using both writing and pictures. Print things out but also write and draw using pencil!

Never copy straight from the internet. Teachers can always tell! Copy out only the important facts!!

Remember you should also be reading at home every day and having a go at maths activities like times-tables.
